

PROSPECTUS

HAPPY LITTLE FEET PRE-SCHOOL IS A PRE-SCHOOL FILLED WITH LOVE FOR BABIES AND TODDLERS.

All our friendly staff at Happy Little Feet Preschool strive to provide a loving home away from home for your babies and toddlers, and pride ourselves in nurturing and stimulating children during their most crucial developmental period. We aim to develop a whole child, a child who is physically, emotionally, cognitively, socially and spiritually ready to face and meet the challenges of formal learning.

Our teachers have both passion and love for children and all our staff are trained in childcare. We believe that our high staff to child ratio will ensure that the best care and attention is given to each individual child.

The school accepts children aged 3 months to 6 years.

Our menu is based on the belief that children should maintain a balanced, healthy diet to ensure optimal energy levels and health.

We offer breakfast, a cooked lunch, juice and rooibos tea throughout the day. Two healthy snacks to be provided by the parents each day.

We offer the following in-house activities as part of our curriculum (included in the school fees) Baby massage (3-12 months) once a week.

LANGUAGE, CLASS DIVISION & EXTRA-MURAL ACTIVITIES

Language of institution:

Instruction is conducted mainly in English, but Afrikaans is also spoken at school. All assessment progress reports are prepared in English.

Progress reports:

3-12 months: Termly reports (Daily Progress also in communication book)

Ages 1-6 years Termly reports

Class division: (Milestone development will indicate when a child is ready to move to the next class; therefore, the ages below are used as a guideline only.)

Baby class (3 months to 1 year)

Foxy class (1-2 Years)

Dinosaur class (Potty training class - 2-3 years)

Birdy class (3-4 years) Gr RRR

Jungle Class (4-5 years) Gr RR

Jungle Class (5-6 years) Gr R

In-house activities

Baby Massage

Our 3-12 month old babies receive a weekly massage. Touch is a very powerful element in early development and has numerous benefits for the baby, including:

- Promoting better sleep
- Boosting the immune system
- Sensory stimulation
- Improving skin condition and blood circulation
- Helps improve digestion
- Relaxation and making the baby feel loved
- Facilitates body awareness
- Relief for teething pains
- Balances respiration

We recognize that the ideal situation would be for a parent to massage their own baby to enhance the bonding process.

Kinderkinetics not included in school fees – contact us for more information.

This activity is offered in all classes. It is a fun-orientated program that helps develop a child's motor skills. It plays a vital role in identifying and minimizing learning difficulties within children and helps to prepare for their scholastic endeavors. Effective sensory and motor control is the foundation for school readiness.

The classes include a wide variety of components such as sport development, balance, hand-eye and foot-eye coordination, general coordination, body and spatial awareness, locomotor abilities, midline crossing and touch stimulation.

CURRICULUM

Stimulation program: 3 months – 3 years

We aim to create an environment rich in stimulation, comfort and loving attention, to enhance your Baby's development. We believe that each child is an individual and may meet their milestones a little earlier or later than their peers and therefore encourage the baby to develop at their own pace with our guidance and support.

The process of development involves learning and mastering skills like sitting, walking, talking, skipping and eventually tying their own shoes laces. Children learn these skills, known as developmental milestones, during predictable time periods.

Children develop skills in five main areas:

1. Cognitive development (the ability to learn and solve problems)
2. Social and Emotional development (the ability to interact with others and to learn self-control)
3. Speech and Language development (the ability to understand and use language)
4. Fine Motor Skill development (the ability to use small muscles, especially the hands and fingers)
5. Gross Motor Skill development (the ability to use larger muscles)

Our daily stimulation activities are aimed at achieving these developmental milestones. The parent receives a termly progress report in the baby class and from 1 year onwards, as well as activities to perform at home, should certain areas need further attention.

Curriculum: Toddlers (3-6 years)

Our focus is to develop our toddlers' basic skills. We play and learn while developing movement, sensory and tactile skills. Fun is the key word in all daily activities.

Our curriculum is fully integrated with the curriculum and standards set by the Department of Education and contains all eight learning areas. Subjects such as science, math, language skills, cultural- and social development as well as art, motor skills and perception are incorporated throughout the year's program.

Our program is based on Christian Ethics and the Bible stories were written especially for young children. Children are not only taught learning skills but educated in the values of life.

During our creative activities (art), we strive to develop the child's creativity, thus emphasis is placed on the discussion and exercise and not the final outcome of the artwork. The idea is not to create a perfect artwork, but to focus on the child's development. The end product is therefore less important than the process of creativity, the discussion and the child's enjoyment. (Outcome based teaching).

Activities and exercises are planned in order to improve and develop motor movements and are repeated twice every week.

The program is divided into forty themes throughout the year. We do not teach children to read or write in a formal way but exercises for preparatory math and writing are included throughout the year. Our children still have years of formal schooling ahead of them, so we aim at teaching in a playful manner, where they gradually get used to classroom ethics. The lessons and stories are aimed to encourage participation by means of questions and discussions in such a way that toddlers don't even realize that they are being taught.

FINANCIAL INFORMATION

1. School fees (valid until 30 September 2025 and payable for 12 months of the year)

Babies 03 months – 24 months

Full day	R 3 500.00 per month	(Monday – Thursday 6h00-18h00) (Friday 06h00 – 17h30)

4. Non-payment:

- * Should a parent default on payment, penalties, cost of debt collecting and/or legal fees be added to the outstanding amount owed to the school.
- * Happy Little Feet reserves the right of admission and may refuse any child whose school fees are not paid by the seventh (7) of each month.

5. Refund of year's upfront payment:

- * Fees are refundable, unfortunately the 10% will fall away and the months will be calculated at the normal fee rate.

GENERAL INFORMATION

1. Documentation required for enrolment:

Signed and completed application forms – www.happylittlefeet.co.za for application form.

Signed prospectus, copies of both parents' ID's copy of child's birth certificate, medical aid card, Facebook/social media postings permission slip

Copy of child's immunization card

2. Closing during public holidays and weekends:

- The school will be closed on all South African public holidays.
- Happy Little Feet will be closed for 3 weeks during December/January. Exact dates will be communicated. Normal school fees are payable during December.

3. Health Policy:

Please refer to the Health Policy in our application forms for detailed information. To assist the school in containing the spread of infectious diseases, we ask that you refrain from sending your child to school in any of the cases mentioned in our policy. The school reserves the right to refuse entry to any child with such symptoms and to call the parents in a case where the child becomes ill during the school day.

4. Security

- * Please ensure that the gates are firmly closed behind you when entering/leaving the school.
- * Please inform your child's teacher/reception in advance if anybody other than yourself will be sent to collect your child. We will require such a person to sign our collections book, and to produce valid identification on arrival at the school before we can release the child in his/her care.
- * Please do not let any child unaccompanied by a parent out of the premises.

5. Liability and indemnity

- Happy Little Feet assures all parents that it is our top priority that your child is safe and secure whilst on our premises and in our care. Please ensure that your child is personally handed over to a staff member on arrival at the school. The owner or personnel cannot accept liability in case of any of the following:
- Any injury your child may suffer while in our care.
- Any loss of property.
- Any child that is transported to or fetched from extra mural activities or any type of outing during school hours, regardless of who is transporting the child.
- The parking facilities and driveways are used at your own risk, Happy Little Feet cannot accept responsibility for any injury or damage that may occur to a person or property in this area.

CHECKLIST OF WHAT TO BRING

Babies (3 months – 2 Years) Stationary Letter will be provided

- § Disposable nappies required for a day or week
- § Bum cream and nappy rash cream, clearly marked
- § Wet wipes, clearly marked
- § Adequate number of sets of clean clothing, bibs and vests per day
- § Plastic bags for soiled clothing
- § Hat, clearly marked
- § Sunblock, clearly marked
- § 2 clean cloth nappies per day
- § Adequate number of bottles for each day, filled with sterile water and clearly marked
